

## Performance Analysis

After exploring the video performance of *The Three Sisters*, reflect on the following questions:

1. Who are the characters in the story?
2. How does the use of music and sound effects in the performance help to create mood?
3. This story reflects the root of the traditional Oneida food. How is experiencing the story different from reading the information?

## Performance Analysis

4. Referring to question three, why do you think the director made this choice? Explain your thinking.

5. What were three different settings in the video? Why might each of those settings be important?

6. What style of visuals were used to enhance the story?
