

Visual Arts Career Research

Choose any career that requires visual arts skills or knowledge that you would like to learn more about.

Research and record answers to the following questions.

1) What education do you need to pursue this career?

2) What skills or knowledge aside from visual arts do you need to pursue this career?

3) How does this career contribute to the economy? Does it provide a good or a service?

4) What other interesting information have you learned about this career?
