

## Organizer: My Eco-Capsule City

<p><b>Title</b></p>	
<p>What <b>environmental challenge</b> have you chosen? (examples: pollution, food waste, overfishing, greenhouse gas and fossil fuel emissions, deforestation, lack of clean water)</p>	
<p>Describe <b>two innovative features</b> that address your environmental challenge.</p>	
<p><b>Describe your Eco-Capsule City:</b> What does it look like? How does it function? (Consider aspects such as green energy sources, transportation, housing, food production.)</p>	
<p><b>Daily life:</b> Is there anything else we should know about the daily life of inhabitants in the Eco-Capsule City? How do they interact with the environment?</p>
