<b>Evaluate and draw conclusions</b>	
<b>Communicate your findings in an appropriate way (possible choices could be: visual presentation, series of diary entries, video, speech, etc.).</b>	

Make informed and critical judgments about your evidence to help you answer your questions.

**Communicate your findings in an appropriate way (possible choices could be: visual presentation, series of diary entries, video, speech, etc.).**

Who is your audience?

What is important?

What else can I connect my information with?

How will I express my message?
