# Kindness Counts

By Lauri Geuzebroek

Chipmunk and Squirrel were both in the  
park to collect nuts.

Chipmunk found a small pile of nuts  
under the trees. Squirrel was not able  
to find any nuts.

"How many nuts did you find Chipmunk?"  
asked Squirrel.

"I found 6 nuts," answered Chipmunk.

"How many did you find?"

Squirrel hung their head.

"I found no nuts."

How can Chipmunk help Squirrel?
