

Debugging Instructions Activity

Follow the steps below to debug the instructions:

- 1.) Debug the instructions by locating the error in each set of instructions.
- 2.) Rewrite the corrected code for Set A and Set B. The new code should end up with the correct outcome, which is to get the mini robot to the green space.

Set A instructions (find one error)	Correct code for set A
Fwd	
RT	
Fwd	
LT	
Repeat 3 [Fwd]	
LT	
Repeat 3 [Fwd]	

Debugging Instructions Activity

Set B	Correct code for set B
RT Repeat 4 [Fwd] LT Repeat 3 [Fwd]	

Debugging Instructions Activity

3. Create your own set of instructions to get the mini robot to the green space. Remember to use a repeat where possible.
