

## Multiplication Problems Using Fraction Area Model

Solve the following multiplication problems by drawing a fraction area model.  
Record your response in the space provided.

$$\frac{3}{4} \times \frac{2}{5}$$

$$\frac{5}{6} \times \frac{1}{2}$$

## Multiplication Problems Using Fraction Area Model

$$\frac{3}{8} \times \frac{5}{6}$$

$$\frac{3}{2} \times \frac{3}{5}$$
