# Using Cross-Multiplication

Use cross-multiplication to check if the following are proportional or not. If they are not proportional, make an edit to the fractions to make them proportional.

Record your response in the space provided.

| | |
|---|---|
| $\dfrac{3}{5} = \dfrac{21}{35}$ | $\dfrac{9}{8} = \dfrac{54}{40}$ |
| $\dfrac{-6}{5} = \dfrac{-18}{15}$ | $\dfrac{32}{42} = \dfrac{5}{-6}$ |
