

Seconds, Minutes, or Hours Chart

Sort the following activities in a chart, based on which unit (seconds, minutes, or hours) would be the most appropriate to measure how long it would take to complete each activity.

Activity	Seconds	Minutes	Hours
Bake a cake			
Gym class			
Enjoy a movie			
Teacher reads a story			
Brush your teeth			
Eat lunch			
Travel across the playground			

Seconds, Minutes, or Hours Chart

Activity	Seconds	Minutes	Hours
Enjoy a TV show			
Bounce a ball once			
Brush your teeth			
Fill up a water bottle			
A school day			
An eraser falls of a desk
