

What Do You Notice Activity

Reflect on the results you collected from the Action section in the **How Long Did It Take Activity**.

1.) What do you notice?

2.) What were some differences or similarities between how long the tasks took?

What Do You Notice Activity

3.) Which activity took the longest amount of time? How do you know?

4.) Would the time be different if you used a different non-standard unit to count how long it took for each activity?
