

Parallelogram on a Cartesian Plane

Describe how you get from (1, 2) to (5, 7).

Example: To move from (1,2) to the next corner, you move 4 blocks to the right and 5 blocks up.

Describe how you get from (5, 7) to (8, 7).

Describe how you get from (8, 7) to (4, 2).

Describe how you get from (4, 2) to (1, 2).
