

My Innovative Water Solution Activity

My Innovative Water Solution	
Record responses to each of the following steps.	
Step 1: Ask!	What is the problem you are trying to solve?
Step 2: Think!	Brainstorm some possible solutions to your problem.
Step 3: Plan!	Plan a design for your solution and list all of the materials that it requires.

My Innovative Water Solution Activity

Step 4: Build!	Build the first prototype of your device.
Step 5: Test & Rebuild!	Test your device by running water through it. Record your observations. What changes do you need to make? Why?
Step 6: Ask!	Plan a design for your solution and list all of the materials that it requires.
Step 7: Share!	Share your device with others using a method of your choice.
