

Ergonomic Chair Design Activity

| Ergonomic Chair Design | |
|---|---|
| Record your responses to the following steps of the Engineering Design Process. | |
| Brainstorm! | 1) How can you build a chair out of paper and tape only? |
| | 2) What will you consider? |
| | 3) How will you make your design ergonomic? |
| Design! | Design your chair and record your ideas in print or digitally. Be sure to label materials you will need and areas that make your item more ergonomic. |
